"I have searched decades to find an **honest** medium - I found her in Dr. Gwen MacGregor. Gwen, you are phenomenal, not only as a teacher, but a human being. I have had the privilege of your knowledge, guidance and insight for over 4 years and have found nothing you are incapable of. You never hesitate to share your knowledge and gifts and always make me feel welcome, normal and worthwhile. Your readings (including Tarot readings) are mind boggling due to their accuracy, honesty and depth. Additionally, your classes and past-life regressions are just as incredible.

Gwen, you have been an immeasurable gift and I am Eternally grateful." Laurie/Bladensburg, MD

"I have had a reading with Gwen and I left the reading—dumbfounded—she knew things about me that no one else did. All my questions were answered along with ones that I wasn't sure I was ready to ask—she had the answers...." Heather/Baltimore, MD

"I have been helped tremendously by Gwen's readings. Her connection with the Spirits/Divine Wisdom can give you great insight into all areas of your life so—your life—may be more satisfying. She told me what foods to increase, what nutrients my body was lacking, and answered questions which led to improved love life and career. I highly recommend these consultations!" Tina

"I have been taking Dr. Gwen's Masters Classes for several years now and have learned a lot about metaphysics and spirituality. Enlightened, I have grown spiritually and intuitively. "Dr. MacGregor recently gave me a telephone reading about my relationship with my parents. I found her information to be revealing and her advice to be timely. I was able to take her words to heart. Thank you, Gwen!" Wendy/MD

"Dr. Gwen MacGregor has been a part of my life for over 14 years. She has taught me so many marvelous techniques for meditation. While in a deep meditation, I am now able to intuitively pick up on messages from the spirit guides that are around me. Some are spirits of loved ones passed over; others are entities from past lives. Through Gwen's excellent teachings, I am able to set the sails to guide my life." Susan/Annapolis, MD

"Dr. Gwen is our devoted teacher in the study of the Kaballah, ancient Jewish wisdom. She has been superb in teaching us to understand and to draw upon this wisdom thru reading, and visualization. Her, easy-to-understand, techniques are helpful in accessing this wisdom. We can understand ourselves and our world better and we are now able to begin to reap the gifts that were always meant for us." Rebecca/Silver Spring, MD

"I have been a student in Gwen's Master Class for several years. Gwen has shared her wide knowledge and her talents with us all - helping us to learn about many forms of divination - Tarot, runes, palmistry - to enable us to find and cultivate our psychic skills. Gwen has done tarot and phone readings for me and I have found her accuracy amazing. I consider Gwen to be a special person and a great friend." Maryann/Annapolis, MD
